

Health & Safety Guidelines for School Year 2020-2021

BEFORE COMING TO BOUNCE:

- All enrollments, payments, and signed paperwork must be completed online before the first day of your program.
- Mask: All students age 3 and older must wear a mask inside Bounce, and inside and outside the Stanley Marketplace. Please notify us if your child is unable to wear a mask due to a medical reason. Students may be allowed to remove mask if performing a skill where the mask might present a safety issue. After performing the skill, they must immediately put their mask back on.
- Students must pack a small bag that will come in to the gym with them. Inside the bag, please include hand sanitizer and a water bottle.
- Please do not come to Bounce if your child, or any person in the household has a suspected or a confirmed case of CoVid-19.

CHECKING IN:

- Please arrive on-time for your program and line up at your designated check-in entrance.
- Your child will be greeted, have a non-invasive temperature check and Wellness Check and then escorted by Bounce staff to sanitize or wash hands before entering the gym space. If a student has symptoms of illness, they will not be allowed to participate and will be asked to return home.

DURING CLASS:

- Groups will be no larger than 8 students: 1 coach.
- Hand sanitizing breaks are planned throughout your class.
- Your child will be in a cohort with a maximum of 7 other children. All equipment will be cleaned and sanitized before your child's cohort rotates to that gym space.
- We will provide your child with their own, individual bag of chalk as needed for use on the bars. This can remain inside their inside-the-gym bag for use in class.

Health & Safety Guidelines for School Year 2020-2021

DURING CLASS: (continued)

- All activity inside the gym spaces, will adhere to social distancing protocol, with a minimum of 6 feet of space between students and coaches.
- Spotting by coaches will be kept to a minimum, with creative stations provided to help keep students challenged and progressing. Coaches will spot when the safety of the gymnast calls for it.

PARENT VIEWING POLICY:

The physical and emotional safety of our students is our top priority. In accordance with SafeSport Policy, there must always be two adults present with our students. We understand that parents want to watch their children participate in class, and ask for your cooperation with our newest safe viewing policies.

- Stanley Marketplace policies prohibit group gatherings larger than 10 people, and common spaces such as the hallway are closed for eating, drinking, sitting and gathering. Six feet of space is required between groups of people who aren't together.
- We strongly encourage dropping off your child for class, and then returning for pickup to help keep Stanley common areas/the Bounce hallway safe. If a gathering of people outside Bounce becomes too large or is otherwise deemed unsafe, you may be asked to leave that spot. Please stay nearby if your child needs help in the restroom.
- Parents of children ages 5 and under are required to remain nearby to assist their children in case the child needs to use the restroom.

Health & Safety Guidelines for School Year 2020-2021

FACILITIES:

- ✓ The Bounce 1 and Bounce 2 facilities will be sanitized every evening. They will be cleaned between class rotations, and after each class.
- ✓ The Stanley Marketplace is taking strict CoVid-19 precautions with extra health & safety procedures. View full procedures on their website.
- ✓ Please know that Bounce restrooms are a shared public facilities and patrons of the marketplace who are not Bounce customers may also be using the restrooms. Bounce staff does not supervise our students in the restrooms. Parents who would like to help their children use the restroom, or who have children 5 and under, should remain available. Please note that the restroom closest to the Bounce 2 space is about 20 meters away from the gym space.

OUR STAFF

- ✓ Bounce Staff will have daily temperature and Wellness Checks before entering the facility. If a coach has symptoms of illness, they will not be allowed to work and asked to return home.

Bounce staff members are required to wear masks while working.
- ✓ Bounce staff has completed a week-long "Coaching Post-CoVid-19" training. Topics included Health & Safety Guidelines, Alternatives to Spotting While Keeping Gymnasts Progressing, and Ideas for Fun, Distanced Games and Activities. They are so excited to teach your kiddos- safer than ever!

Post CoVid-19, we have consulted with medical and public health professionals to provide the safest environment we can for our students, families and employees. We welcome additional insights as we navigate our newest operational procedures.

Our management team will continuously assess our initially developed procedures, and, as needed, will quickly make adjustments to further the safety of our customers and staff members.
